Dear DG Dr. Bhargava,  
Greetings.

Sir, being the Director General of the Nation's apex scientific body for Medical Research-DG-ICMR --has exclusive jurisdiction to figure out all possible ways to expedite the process—to set all Medical Doctors Free from Legal Slavery of Manmade law of United Nations-- with intensely advanced Medical Research.

This is an absolutely hi profile & extremely **advanced situation of Medical Research** relevant to fix dangerously serious problem of imparting scientifically wrongful Medical Education to all Medical Doctors—to achieve Degree in Medicine. Universally standard all over the world, its legally enforced by UN Laws due to Deadlocks in UN Charter-- all Medical doctors are stuck in the mind set of 18<sup>th</sup> century—to be continued endlessly forever. The grass root problem is Gross Grave & obvious with common understanding.

To resolve the issue involves intensely advanced new subject matters of Pioneering Medical Research—never heard before—such as Medical Science is radically redefined as Constitution –Laws such as Anatomy, Physiology etc., Medical science is administration of Million Year Institution, the source of these laws / Institutional Administration is from another planet –Extra-terrestrial Intelligentsia, very very severe World of Crimes, very very severe Justice, each child is a Million Year Property of this Administration etc.

Relevant essential details with legitimate evidential proofs and continued progress to reach this point are presented on website [www.legalmandate.com](http://www.legalmandate.com) With identified statutes/Laws of Deadlocks in UN Charter, now to support this issue/ protect humanity etc is no more an Anti world law activity & anyone can support the highest cause of Medical Education.

Being a scientifically technical issue, people expect apex scientific body ICMR is accountable to take initiation step and rest of the world will follow. Essential details with evidential proofs, 20 years of past relevance to ICMR. and ultimate high profile continued progress to reach this point are-- included in attached 3 page Annexure & website [www.legalmandate.com](http://www.legalmandate.com)

## Annexure

### Urgently Important & Compulsory for Director General of ICMR

because

### 'No Law & None of us is above the Constitution of Medical Sciences'

- To take immediate action as justified below—to figure out all possible ways --to set right problem of Medical Doctors with intensely advanced Medical Research & common understanding of Law/Justice & Medical Sciences etc.—with Digital Speed.
- Global Issue—Scientifically wrongful Medical Education & Practice of all Medical Doctors stuck in 18 th century—lawfully enforced by United Nation Administration of Deadlocks in Statutes/Laws of UN Charter—to be continued 'as it is' Forever.
- Thanks to all Director Generals of ICMR , past twenty years since year 2000 for doing all best possible within their jurisdiction as per advised by competent authorities in the ICMR system.
- ICMR, ultimately, forwarded it to State Office of Prime Minister of India, for being a Global Medical issue in context to UN Charter. Now coming back to ICMR for official requirements with intensely advanced Medical Research—never heard before.

### Highest Decision makers are Deadlocked in their own Agreements of UN Charter—

- UN Charter is the Foundational Treaty Agreement (Legal Document) signed by United Nations & its 193 UN Member State Nations (includes Prime Minister of India) since year 1945. Thus, the Medical issue is stuck between these two signatories.
- To set right the Deadlock in UN Charter—only & Only the Chief of UN Administration presently Mr. Antonio Guterres UN-SG alone has sole jurisdiction AND its member Nation is accountable to officially forward the issue with Remedy.
- Unless, UN Chief gives in writing to Member State—forwarding the issue will be Anti Treaty Agreement AND for the same legal reason UN Chief can never ever give in writing. So both are deadlocked to set free Medical issue.
- On the top of it the Medical problem will continue forever because-- this is what both signatories Administrations are paid for, from the funding—collected as huge amount of money in all kinds of various taxes from the public such as taxes on daily needs, income tax, property tax, customs, duty...and the list is endless.
- Unless public demands with complaint of any problem—they are duty bound to continue as it is. Public can never ever know /understand technical legalities behind paying their taxes which is ruining their own families in terms of extreme Wealth & Health. Thus, this cycle of lawfully enforced collection of Taxes by all 193 UN Member Nations that is forwarded to UN and UN Administration will continue to lawfully enforce destruction of entire Mankind--endlessly.

- Ironically, all Medical Doctors are the tools at the hands of manmade laws of UN to destroy Mankind because this is what they are honoured Degree in Medicine and trained to Practice with scientifically wrongful Education. This is the World Law.
- Medical Doctors are at the forefront of Healthcare system so all Medical Doctors are equally accountable to stand for their own time money energy and most important sacrifices of their family members etc. --spent to achieve Degree in Medicine. Due to lawfully wrongful education-all this is--absolutely a total waste PLUS continue to scientifically & dangerously harm innocent public --more serious than ways like Terrorists / extremely crucial Climate Change etc. under UN Administration.
- This has created lawfully enforced chain of legal Slavery at seven levels of businesses including Medical Teaching/practice of all Doctors across the world--non-stop & beyond control. Its the obvious analysis of highest relevant authorities of both UN Member Nations --India and America.

## SOLUTION

- The only option to safeguard entire Mankind is to implement scientifically Rightful Education/Practice. The grass-root problem is Gross Grave & obvious --copyright issue accepted as World Law as per UN Administration.
- Thus, Global Medical Academic issue is legally required to be fixed under Intellectual Property Law. Transfer of Technology (legal Remedy) to United Nations is the only way because the legal problem is due to Deadlock in UN Charter.
- Unless & until UN-SG issues directions in writing to its relevant administration --entire world will continue to be victimized for none of its fault--already set on automatic mode of the fast track destined to be vanished like Dinosaur. Ignorance is Evil.

## PIONEERING Contribution of this Medical Doctor--Just a few -- First time ever--

- Coined --Medical Sciences is Constitution of Million Years--Anatomy, Physiology..
- The Source of this Constitution is not from Earth but beyond Earth--the Administration of Million Year Institution is Extra-Terrestrial Intelligentsia
- Every Child is a Million year Property of this Administration of Million Years
- When Law exists Justice also exist as well. To lawfully enforce --violate million year laws & destroy its Million Year Property across the world by manmade law of United Nations Administration is the broadest & very very severe crime --thus exist very very severe justice--Jersey Justice.
- Provide World accepted Legal Remedy ( core is U.S. Patent) to fix World problem of copyright under Intellectual Property Law

- Identified specific Statutes / Laws in UN Charter causing various Deadlocks in UN Charter
- Identified over 42 channels universally standard across the world destroying Humankind/Race –with documented genuine evidential proofs – each channel is a world of Horrendous Crimes with documented evidential proofs.

### **Jurisdiction to set Right Global problems of Medical Education**

On planet Earth---Only & only The Chief of UN Administration has the jurisdiction to accept Transfer Technology from this individual Medical Doctor and only & only this Medical Doctor is the solo competent authority to Transfer Technology.

This is extremely unique Transfer Technology between **two different kinds of Constitutions** on Planet Earth—Administration of Manmade constitution of UN & Administration of Million year Constitution of Medical Sciences-- unknown source Extra Terrestrial Intelligentsia,

**Role of DG-ICMR**—being the apex scientific body for Medical Research-has to figure out all possible ways to expedite the process—to set all Medical Doctors Free from Legal Slavery of Manmade law of United Nations & make sure they get Right Education to serve Humanity with intensely advanced Medical Research.

Relevant essential details with legitimate evidential proofs and continued progress to reach this point are presented on website [www.legalmandate.com](http://www.legalmandate.com)

**Important Note**—Both signatories of UN Charter—the Prime Minister of India & Chief of United Nations are stuck to take action for well identified legal reasons. Public and Medical Doctors & every one of all educated people in the world look forward --to Nation's Medical Scientific bodies—DG-ICMR for initiation step.

Pioneering contribution of intense Research is Public domain on website [www.legalmandate.com](http://www.legalmandate.com) Thus, no activity is Anti World Law activity to protect Human Race. DG-ICMR is legally Free to support this issue in all possible ways like Open Talk on World TV Channels/ link the website of this Medical Doctor [www.legalmandate.com](http://www.legalmandate.com) to ICMR website/ ban all medical colleges across India because they have become centres of educating Medical Students as Terrorists to destroy humanity-- until the date these colleges are competent and qualified to impart lawfully Rightful education to protect Mankind...

Continued silence of 20 years will include 'Negligence' of ICMR also, for knowingly sitting on the most urgently important issue for all Medical Doctors & supporting very very severe Worlds of Crimes at the same time.

**Role of this Medical Doctor**—for being educated in Government Medical College India & having legal Remedy endorsed by America with U.S. Patent—this Medical Doctor took responsibility to stand for what educated in against whole world and had to pass through absolutely dark toughest Anti-World Law Activity path to reach this point within legal frame— Past 20 years, ICMR officials are witness of life threatening risks that this medical doctor had to face to reach this point within legal frame. Now, Apex Institution is accountable to take action for the worth of Pioneering work—with clear understanding --how difficult it is for anyone to understand including family, friends & professionals etc.
