

Why Broadcast Global Emergency from Social Media Platform?

Social Media is the only Nuclear platform (when everything has failed) to communicate entire people of the world including the Chief of UN Administration (UN-SG)—for having their exclusive Jurisdiction to designate First Global Mi Lord with Bench of Justice, within Good enough Time frame of Two weeks in Digital Era(Starting Date...)

This is a Law Bound Emergency —because—entire world including Chief of UN with Administration of UN Charter are legally Deadlocked within framework of the highest Constitution of UN Charter. So, entire world is law-bound to continue as it is Endlessly.

Over twenty years, Already Agreed & Accepted by Highest Administration of UN & its 193 Member Nations (Government)—Burning on-going Roots of Human Generations/ Children —is beyond control of any Mighty Law/Power PLUS Within highest Constitution of UN Charter framework this very very severe SMART Crime is Legal. Thus they are law-bound to continue as it is, whatever worst consequences may be, with Dead silence.

Because both organizations are totally funded from Public Purse Money—lawfully enforced collected entire Tax money, Its essential LEGAL requirement for UN Chief to officially receive legally endorsed Remedies from its Member Nation to get implemented, within his relevant solo jurisdiction. This is possible—only when the Public extends its On-going Collective Public Consent for UN Law Administration to Justice Administration—to designate First Global Mi Lord..

All signatories 193 UN Member Nations will remain dead silent unless & until receive letter from UN Chief to forward legally endorsed Remedies, to avoid being defaulter to violate Laws of UN Charter & same way UN Chief can never issue such letter for being defaulter (Anti Treaty Agreement).

On-going Wheel of SMART Crime , is grossly obvious evidential proof that Existence of Human Generations on Earth is, on Law enforced automatic mode of Fast-Track destined to join Dinosaur.

Background of World accepted Evidential proofs with continued progress over twenty years, to reach this point to protect our Generations in legal way, with essential process to Designate First Global Mi Lord within Two weeks are justified on my website www.legalmandate.com
