Dr. Kamala Mokha Nag M.D. (Ob/Gyn)

To contribute this Court of Law and assist Judges to resolve Child custody issue with advanced grossly obvious legal issues, Never Heard Before.

Mandatory Requirement for Judiciary--Over 24 years of Research in Women Health and Child development with supporting evidential legitimate proofs, across the world.

MOBILE : 9350672542

Subject Matter: **Child Custody Issue**

Public Interest Litigation (PIL)

To comply with orders of Last hearing on 28th Feb, 2025

With your Permission to submit my Pleading points:

All following points are Bound by Law –L

1. Bound by Law: In-spite of excellent Judgements from Judiciary, Millions of Innocent Children are being seriously victimized in Child Custody Issue granted in Family Court of Law, over 150 years—first custody granted in year 1869. The number of victim children is fast growing with ever escalating divorce rates in Court of Law

2. Bound by Law: None of the country could protect these children even after repeated PIL all over the world. This Public Interest Litigation is the evidential proof. The number of children is fast growing with ever escalating divorce rates in Court of Law.

3. Bound by Law: This Child Custody issue is the Customary world Law of International Court of Justice Article 38 (b). Hague Netherland.

5. Bound by Law: Thus to traumatize child is Legal and no remedy can be implemented by Government to protect children because that's illegal.

6. Bound by Law: Its legal for all 193 United Nations member State Nations, Head Quarter, New York, United States of America. India is Founding member among 193 Nations.

7. Bound by Law: Root cause of children's painful sufferings is the Deadlock between two Laws (never heard before) is linked to Deadlock between two Laws in UN Charter –the foundational treaty that prevails all other treaties.

8. Bound by Law: This UN Charter is highest constitution of manmade Law, Agreed and Signed by all 193 UN member Nations with United Nations. Both signatories Chief of United Nations Administration AND All 193 UN member Nations (Government) National Leaders are political organizations. They have no jurisdiction to fix legal problem in UN Charter and need directions from the Judiciary-- to designate Law scholars, until then any talk /action is Anti-World Law Activity—serious punishable offence no one can dare to gain nothing.

9. Bound by Law: Day and Night trauma/nightmares for prolonged period of 0 to 18 years in very tender age of children are carried all their life time. Child is left alone to suffer for none of its fault. There are no words to describe their painful sufferings.

10. Bound by Law: This is the Highest, Broadest and Massive Law enforced Crime –very very severe Crime – SMART CRIME because no one get caught to be punished

11. Bound by Law: This SMART crime will continue forever, nonstop permanently because of Non-Judicial Administration of UN Charter, under Chief of UN Administration.

12. Bound by Law: Its Global issue and there is no Global Court of Justice nor any mechanism/avenue to protect children in Court of Law, so far.

13. Bound by Law: On the Top of it, Judiciary of entire world is functioning to grant justice under Non-Judicial Administration of Highest Constitution of UN Charter which they have never seen /read and no one has jurisdiction to unlock the most secured place US National Treasury, U.S.A. it is stored.

14. Bound by Law: UN Charter is just a Piece of paper Document of few manmade Laws, locked since 75 years and no judicial authority can do anything in-spite of knowing that this unseen document is ruining Innocent Children and their 193 Nations, massive crime enforced by Law.. This is the obvious evidential proof of highest & broadest Mis-Use of Power of Judiciary.

15. Bound by Law: Because of this helpless situation of Judiciary whole world is legally compelled to work day and Night to destroy Human Generations PLUS everyone is legally prohibited to protect it.

16. Bound by Law: I am the only individual on Earth to stand for only victims—the Children and have Remedies to protect Innocent Children and prosperity of all 193 Nations—going through the toughest day and night process of ordeals of Anti-World Law activities, over 24 years, no one can never ever dare. This is what I am educated as Medical Doctor to be First Counsel of Million-year Constitution to assist judiciary for having their exclusive jurisdiction to set innocent Children Free from dangerous clutches of manmade laws.

17. Bound by Law: Child Custody Granted is endorsed by Judiciary so only Judiciary alone is accountable and responsible to protect children in legal way.

18. Bound by Law: Existing judiciary of the entire world is 'all set' to continue 'as it is' destroying Lives of Millions of Children –the future of all Nations at grass root level, whatsoever dangerous it may be.

19 Bound by Law:. Seriously dangerous is the Justice granted in child custody issue under the highest non judicial system and a document of few pages, Laws of UN Charter locked in National Treasury of United States of America PLUS no one can talk about it so how do we protect these children trapped in problem of judiciary itself.

20. Bound by Law: With no exception and contradiction each and every individual in the world will continue to contribute its hard earned money to Public Purse Money—TAX Money both Direct and Indirect Taxes, includes Taxes on every bottle of drinking water and bread, infant food Newly born.

Funding from Public Purse Money runs this SMART Crime. Innocent Public is helpless for having great faith in Highly learned Judiciary.

21. Bound by Law: All manmade Laws are derived from Natural Laws. In Child Custody issue serious damages to Precious Health of Child in initial 18 years of Life is Medical issue/ Science—Scientific Natural Laws of Million Year. This Constitution is for our Human existence on Earth planet.

22. Bound by Law: Being Medical doctor with relevant educational and experience /research across the world I bring Ready to Use Remedies to protect children and enhance their quality of life, to be enforced by Judiciary.

23. Bound by Law: Million Year Scientific Law / Medical Sciences--The child is born with equal Genetic material contributed by Mother and Father (23 : 23= 46) One less 45 or one more 47 baby is abnormal. One person did not produce child.

24. Bound by Law: So, justice is to divide Chromosomes of child give back their genetic contribution to Mother & Father. Just Because its not possible to divide genetic contribution of child, Judiciary grants custody to one person, either Mother or Father. Obviously, it's nowhere Justice to neither parents nor children. So, when judiciary cannot grant Justice by Law, it cannot continue to grant Injustice as well.

25. Endorsement of "Child Custody Granted" by the judiciary, deprives every child the joy of their childhood and youth that is granted inborn to them one time in initial period of life for their healthy Development to adult PLUS fill their eyes with tears and pain that seriously damages their normal development, Enforced by Law.

26. Bound by Law: So, only Judiciary alone is responsible and accountable to get Justice 'Give My 18 Years" for every child, enforced by Law—very very severe Justice, Jersey Justice.

27. Bound by Law: In accordance to Million Year Law the child is not a one-day product. In accordance to Laws of Ancestral Maths obvious enough—4094 people are born only in 400 years and no one is born from dead mother or Father. This is the legitimate obvious proof that every child is most precious LIVING asset of Human Generations to be protected immediately and delay of a moment of time can never be forgiven.

28. Bound by Law: Child Custody issue is obvious proof of damages to Innocent Children—after Birth, in Family Court of Law. Damages to Innocent Children Before Birth at the beginning of conception is the Supporting evidential proof of World customary Law is --Wrong education of 18th century to highly professional Medical Doctors and license to practice, to be continued forever. Doctors remain silent forever because 'this is the way my teacher taught' and anything different, judiciary comes.

29. Bound by Law: For Medical Education issue, I have the remedy with U.S. Patent # 6027443, in year 2000 but government of all 193 Nations is bound to suppress it as per UN charter. This is not just an invention but legal key to Freedom of entire world from chain of slavery at seven high profile levels as analysed by US Women's Health commissioner office. For health issues Patients will go to Medical doctors (US board certified doctors also included) , doctors say this is the way my teacher taught and use medical devices approved by FDA. FDA says we don't make devices company makes it. Company says your reference

Text Book of Gray's Anatomy has to update diagram. US Department of women and Child welfare says contact Book Publisher in London U.K.. The Book publisher says it has World copyright so to update diagram bring order from world Court. World Court says we have nothing to do with medical Education so United Nations office and in accordance to UN Charter The Chief of UN Administration and its staff will not answer/ respond to outsiders but within organization only. Within organization no member Nations will forward the issue because they are bound to comply with ICJ laws so they will suppress new knowledge considering it Anti -world customary Law.

30. Bound by Law: Ongoing Losses in terms of Health and Wealth sources are going in drain since 150 years, to Innocent Public of 193 Nations and their prosperity is rooted to 18th century forever —no superpower computer is capable to calculate.

31. Bound by Law: Incoming Gains with implementation of remedies by Judiciary is beginning of New Era of incalculable worlds of Prosperity, Health and Wealth to each and every person of all 194 Nations.

31. Bound by Law: Funding for All this research work to reach this point is from my own pocket because no one can stand/ support/ money for Anti world Law activity. I have exclusive jurisdiction to be qualified to bring all legal issues on your table, for having U. S. patent #6027443, legal remedy to customary world Law.

32. Basic principles of both issues of Innocent Children – before birth in wrong education of Medical Doctors AND The Child Custody issues are well documented in all School Text Books-Universally standard, so it's not my hypothesis, everyone knows.

33. Bound by Law: I am the only individual qualified to contribute legal issues to assist this honourable Court considering my pleading points to get Justice to Innocent Children— “Give my 18 years’—for every Child.

34. Bound by Law: More details are available on my website: www.legalmandate.com, social media YouTube channel: Global Emergency Bound By Law. Already previously submitted with Memo. Copy submitted to Union of India, Department of Women and Child Welfare, New Delhi via its Counsel on this case, is also attached with these points.

35. Bound by Law: I am available here to answer all your questions/ concerns. I have attended all Court hearing dates on this PIL of Child Custody issue.

Prayer: Considering above pleading points I request:

1. Issue directions to Union of India, Department of Women & Child welfare, to forward issue to UN member Nation India, The Prime Minister of India, New Delhi, India.

2. Issue directions to concerned authorities to pay and compensate immediately for damages to innocent children and innocent public, ongoing over 150 years PLUS delay of

each day. Long list of 30 points already submitted to this Court.

3. Take all necessary actions to make sure Children are protected from ongoing damages and get Justice by Judiciary, with interim deadlines, — on seriously urgency basis.
